

# HOTEL CHAMBERS

---

At Hotel Chambers we've created the comfortable character and friendly charm of a local pub, and presented it in a chic and luxurious style. The feel is casual, yet the setting is smart and seductive.

Soft padded walls and dark wood create a sense of cosiness. Nooks of red banquettes, ottomans and oversized armchairs give a sense of intimacy and create a variety of spaces in which to relax. The central bar area is furnished with long high drinking benches ideal for groups to enjoy after-work drinks whilst listening to DJ's on Friday and Saturday nights.

Offering a range of wines by the glass and signature house cocktails, along with all your favourite classics the bar has something for every one. An extensive function menu of preset platters and a range of individual canapés is on offer to suit most budgets

Hotel Chambers is the ideal party venue, offering a dedicated function space and 2am licence, as well as plenty of sectioned lounge areas for smaller groups.

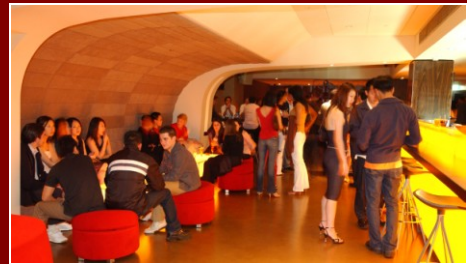

Whether it is cocktails for 200, or office work drinks, Hotel Chambers can comfortably cater any style of function.

If you've had enough of boring function spaces and want to ensure of a good time, then check out Hotel Chambers for your next celebration / event / networking meeting / team building exercise.
